HEALTHCARE

Petscription

Our Petscription program provides positive distraction from pain and worry for patients in hospitals and motivation for meeting therapeutic goals in rehabilitation units and early intervention programs.

TRAUMA & GRIEF

Therapy animals can serve as a conduit for person-to-person communication, giving on-site counselors highly effective tools for breaking barriers, building rapport, and making progress towards healing in difficult circumstances.

EDUCATION

Sit, Stay, Read! & School's Best Friend

Our Therapy Teams are powerful motivators for students in need. We help children make strides in K-12 schools, group homes, special needs classrooms, and after-school programs. We deliver Animal-Assisted Education via two programs, School's Best Friend and Sit, Stay, Read!.

VIOLENCE PREVENTION

Pawsitive Living™ & No More Bullying!

We deliver goal-directed programs for at-risk children and youth, teaching anger management, relationship-building, empathy and compassion through our Pawsitive Living™ and No More Bullying! program.
