

WILD WOOF WEST

Picasso Pets Gala Supports Hand in Paw's Mission to Improve Human Health and Well-being Through Animal-Assisted Therapy

Fans of Hand in Paw supported animal-assisted therapy at the annual Picasso Pets Gala at The Harbert Center on Aug. 17.

This year's theme was "Wild Woof West," and guests were encouraged to incorporate country-western flair into their cocktail attire.

A VIP cocktail reception, seated dinner, wine pull, photo booth and live auction of pet paintings were among the highlights of the evening. Guests also had the opportunity to meet and interact with Hand in Paw therapy teams.

A high point of the evening was a check presentation from Tito's Vodka. The company donated \$25,000 to Hand in Paw as part of their matching campaign. ❖
